

Class Standards Report

3rd Grade Math-CA-TS-v1.0 (Oct Number Corner Check-Up #1)

Teacher: R

Date: 10/03/2022:

3.G.1: *Understand that shapes in different categories (e.g., rhombuses, rectangles, and others) may share attributes (e.g., having four sides), and that the shared attributes can define a larger category (e.g., quadrilaterals). Recognize rhombuses, rectangles, and squares as examples of quadrilaterals, and draw examples of quadrilaterals that do not belong to any of these subcategories.
